

Preston & Wingham Primary Schools Federation

**Learning together, we grow kind hearts  
and healthy minds.**

## Statement of Intent for RE

### Intent

#### Why do we teach this?

Religious Education plays a significant role in the development of pupils' spiritual, moral, social and cultural development. RE educates our children to develop knowledge and understanding of the principal religions represented in Great Britain and those around the world. RE supports our children's understanding of different religions, promoting respect and social awareness towards others. RE intrinsically links with our school values (RICH Respect, Inclusive, Creative and Hardworking) and promotes an environment where all children feel accepted and valued as individuals and have the confidence to make their own positive contribution to our global society.

### Implementation

#### What do we teach and how?

At Preston and Wingham we follow Discovery RE which is a progressively planned programme that provides children with enquiry based learning experiences allowing them to develop their own voice, choices and empathy.

The following religions are studied:

- Buddhism
- Christianity
- Hinduism
- Islam
- Sikhism

### Impact

#### What will this look like?

Our children will have a mutual respect and tolerance of different faiths and beliefs. They will celebrate diversity in the world around them and develop their own voice. We are preparing them to be global citizens in ever changing world.

**Respect Inclusive Creative Hardworking**
