

at home.

Kookaburras use your FLOURISH skills at home to create a masterpiece of your learning. Choose one task from the grid below.

Term 5: Does farming matter?		
I enjoy writing creatively	Make a fact file about your favourite farm animal.	Rewrite the story of the little red hen and draw pictures to go with it.
I enjoy learning about the world (geography, history, RE, languages)	Can you show how farming has changed over time?	How many words related to farming can you write in French. Can you make a French farming dictionary?
I enjoy using technology	Keep a photo diary of the same spot every week over the term to see how much it changes throughout the month.	Make a video called 'How do plants grow?'
I enjoy being creative	Make a tractor out of lego, plasticine or junk modelling materials.	Can you paint a picture of your favourite farm animal?
I enjoy being practical	Can you grow some vegetables and bring them into school?	Make some flavoured bread and tell us the recipe and how you made it?

Your FLOURISH at home needs to be in school the week beginning **Monday 20th May**. It will be shared😊 and celebrated😊.

Happy Creating 😊
